

Man Dies From Asphyxiation In Deep Snow Bank

Leak in Hose is Blamed As Man Expires on Summit

John W. Parkhouse, 56, operator of a Grass Valley gas distributing concern, was asphyxiated Sunday evening while making a delivery at the Soda Springs Hotel on Donner Summit.

Funeral services were held this afternoon at Grass Valley under the direction of the Grass Valley Lodge of Elks. Burial was in the Greenwood Cemetery.

Parkhouse had gone into a deep hole in the packed snow near the hotel to connect the hose from his truck to the supply tank. There was evidently a leak in the line and the gas accumulated and he was unable to get out of the hole before he was overcome and succumbed.

The body was discovered by John Carl, a Southern Pacific carpenter, who summoned the aid of Bruce Quartley, a special officer in the area. A call was immediately put in to Constable N. F. Dolley and Dr. L. D. Nelson, who went to the scene with the Truckee fire department's respirator, but the victim failed to respond. The body was removed to Grass Valley by the Truckee Ambulance Service.

Parkhouse was an active member of the Grass Valley Lodge of Elks and Grass Valley Sportsmen Club. Popularly known throughout the county, he was an energetic business man and an active civic project supporter.

A native of LaPorte, Indiana, he lived in California for 35 years and in Grass Valley for about half of these.

He is survived by his wife, Beatrice; a son, John R.; and daughter, Lois, all of Grass Valley. A brother and a sister survive in Indiana.

McIVER TO RUN FOR SUPERVISOR; SECURES PAPERS

James McIver, life-long resident of Truckee and recently employed by the division of highways, has secured nomination papers from County Clerk R. E. Deebie to run for supervisor from the Fifth Nevada County District, a position now held by Henry G. Loehr, chairman of the board.

The last day for filing the petition will be Saturday, March 29, and the primary election is scheduled for June 3. In event there are no other candidates, either Loehr, whose petition was filed three weeks ago as a candidate for reelection, or McIver will be elected. If a third candidate files, and no one receives over 50 per cent of the votes cast, then the two drawing the largest number of votes at the primary will run at the November general election.

McIver is widely known throughout this district where for years he owned a garage now being operated by Mel Thornton. He was active in veteran affairs and is a past commander of the American Legion.

Two Men Feted Here At Birthday Party

About 25 friends gathered at the William Curran home last Friday, March 21, to help celebrate the birthdays of Curran and Douglas Barrett. The evening was spent playing cards and visiting, after which refreshments, including two decorated cakes baked by Mrs. Barrett, were cut and served.

Family Takes Long Way Home in Storm

It was certainly a long way home for Mrs. Emily Bergmans, cafeteria manager at the local high school, and her twin children, Nancy and Elbert, last week.

In Palo Alto on business, the trio arrived at Colfax on the train March 18, only to find the Overland Route blocked by snows. The Southern Pacific re-routed them back to Sacramento, down the valley, through Bakersfield and Las Vegas, then to Ogden, Utah, and thence home by Friday morning, March 21.

DRUNK FINED

Jesus Randon was fined \$20 when he appeared this morning before Justice of the Peace F. W. Wilson, charged with violating the county sobriety ordinance. He was arrested by Constable N. F. Dolley and Deputy Sheriff Wesley Fair.

AT RENO MEETING

William Englehart Sr., Robert Seibold, R. P. Bick and Heslin F. Cardinal of Summit Lodge No. 54 attended a session of Amity Lodge, Knights of Pythias, in Reno on Tuesday night, at which the rank of Knight was conferred.

Warm Weather Reduces Heavy Snow Pack Here

For the first time in many long weeks, the weather fare for this area has failed to show any precipitation since this time last week.

Fair, warm weather, which has materially reduced the record snow pack has been enjoyed throughout the Sierra. Temperatures here have ranged up to 60 degrees during the day time and only near the freezing mark at night, permitting a steady snow runoff.

The U. S. Forest Service reports the snow pack at the Truckee office has diminished to less than seven feet.

The rain early this week failed to record more than a trace, the forest service said.

The forecast is for cloudy weather starting Friday with possible rain or snow showers in this area.

MRS. LEWIS IS IMPROVED AFTER SERIOUS STROKE

The condition of Mrs. G. E. Lewis, critically ill in a Reno hospital following a stroke last Friday, was described as considerably improved today. Mrs. Lewis was rushed to the hospital Friday when she was completely paralyzed, but this morning she was able to speak and appeared on the way to recovery. Her many friends here are hopeful that her condition continues to improve rapidly.

COMSTOCK WARNS OF DANGER FROM FLOOD IN REGION

With the worst winter in sixty years, the Lake Tahoe, Truckee and Reno areas are confronted with an unprecedented snowfall of heavy water content, which will undoubtedly result in high water and flood damage should there be a quick run off. The present level of Lake Tahoe, with all the gates at Tahoe City open, is 18 inches from the top level.

"A repetition of the Reno flood of 1950 is imminent; great damage will occupy Lake Tahoe, Truckee River and Reno areas unless some federal action is taken on behalf of residents, property owners and others of the states of California and Nevada," says H. O. Comstock, president of the Lake Tahoe-Sierra Association. "Meteorologists inform us that a 20 year cycle of the continuing heavy snows and proportion is to be expected."

It would appear, Comstock said, that some immediate action is in order, both to relieve the present situation and to make a flood control survey of the Truckee River, which shall lead to an action program to reduce the possibility of flood and water damage from the Truckee River and the lake. The flood control act of 1936 provides for such relief by the petitioning of all interested parties.

"Please write your governor, congressman and U. S. senators for immediate relief," he urged.

Baseball Workout Scheduled Soon For Local Team

Player Prospects Will Travel To Verdi Sunday For Practice

A sure sign that spring has sprung was the announcement this week that the local baseball team will begin workouts on Sunday.

John Rau, commander of the American Legion post here, asks all potential players to meet in front of the post office here with or for transportation between noon and 1 o'clock. They will go down to Verdi to timber up shovel-sore throwing arms and try a little batting practice.

The Verdi diamond is reportedly dry, while the Truckee diamond stands under several feet of ice and snow. Rau hopes that, with continued warm weather and an occasional mechanical nudge, the snow here will melt fast and permit early use of the field.

On Sunday, April 6, team tryouts will be held on the Verdi diamond and a week later, Rau is trying to line up a practice game with a Reno team.

The Legion-sponsored local team will open in the Placer-Nevada League season on April 20 against Auburn there.

STUDENTS CHOSEN FOR SPEAKERS AT HIGH SCHOOL MEET

John Moore, Toni Street and Bill Walker will represent the Tahoe-Truckee High School at the Lions Club meeting on April 2 in the annual student speakers contest. The winner in this contest, to be held at the regular weekly club meeting at Donner Lake Lodge, will compete in the zone contest later in April.

The three winners took part in the elimination event Wednesday morning at the high school cafeteria with E. V. O'Rourke, Robert Briggs and Ernest Douglas acting as judges. The contestants spoke on the topic "Learning to Live Together."

EL DORADO MAN ASSEMBLY ASPIRANT

PLACERVILLE—Bliss K. Harper, 37, former El Dorado County supervisor, has announced that he is filing for election as assemblyman from the sixth district, a post now held by Francis Lindsay of Loomis.

In making his announcement, Harper said his candidacy will be based upon the need for responsive representation for the big 10-county district without seeking extra compensation or favors for supporting legislation or projects sought by the voters of the district.

"I want to avoid harshness in dealing with a bad situation which has arisen in the present pattern of representation," Harper said, "but I know the people of the district do not want a candidate to pussy-foot around an issue which closely parallels the scandalous situations making headlines all over the country. The people of this district are taxed to pay their legislative representative a respectable salary. They should not be expected to pay additionally for overlapping and duplicating services performed by their representative acting in related capacities."

Harper, an ex-Navy pilot drawing a disability pension, recently resigned as assistant regional coordinator of the state office of civil defense for the same mountain counties included in the assembly district. Prior to that time, he had been a member of county board of supervisors.

CHAMBER MEETING

The Truckee Chamber of Commerce will meet tonight at 6:30 at Brown's Cafe where important local business is slated for attention. Members and others interested are urged to attend.

Sun Beams

by Walter M. Barrett

A survey of our recent highway closures reveals one fact which is quite apparent to all, and that is that in nearly all closures this winter, heavy trucks have been involved. It would not be fair to say that they caused the road to be closed, but it is a coincidence that from one to five heavy laden trucks have been caught on the portion of highway blocked, creating an added difficulty for state equipment to operate and keep the passes clear. With the heavy loads they carry, many trucks find it hard to negotiate Donner when the road is dry, and yet they will start the climb on the icy, snow packed grade, with one chance in ten of making the top without assistance. Once stopped or jackknifed across the road, everything, including snow removal equipment and lighter vehicles must stop and await the necessarily slow process of clearing the path. Trucks not capable of making the grade under their own power and without adequate chain equipment should be prevented from starting until conditions are right.

The many compliments paid the county road crew in this area for snow removal work during this worst winter on record have been well earned. With one antiquated Sno-go, a couple of snow plows and a grader, the half dozen operators have really done a big job. They have not only contended with record snow fall but with foully parked cars and trucks; steep, rough and crooked streets and alleys, and almost a constant storm. No area has been neglected for more than a brief period and many personal demands, such as opening alleys for fuel deliveries, have been met. We believe the work has more than justified the additional cost of operation as compared to a "normal" winter.

PUSSYWILLOWS ARE SIGN OF SPRING

Among other signs of spring in this vicinity was the appearance this week of pussywillows. Each spring, Sam Follett, Southern Pacific employee, makes a point of taking the first pussywillows home to his wife and yesterday he displayed a bouquet of the welcome stems found near the S.P. tracks below the roundhouse. They were well covered with soft buds but, Follett admitted, they are still not too prevalent.

WARNING ISSUED ON EPIDEMICS

Dr. L. D. Nelson has issued a warning to parents that the current spread of contagious diseases should be treated with caution and that children with cases of chickenpox, measles or mumps should be isolated during the infection period. This isolation should apply to both children and adults who may act as carriers, Dr. Nelson explained.

Grahams Are Parents Of Third Child, Girl

Mr. and Mrs. Ralph Graham, formerly of Truckee now of Folsom, became the parents of their third child and first daughter on March 17. The little lass has been named Patricia Edna and weighed a husky 9 pounds, 13 ounces at birth. She was welcomed home by her brothers, George and Loren.

Local Delegates Attend Auburn Political Meet

Douglas Barrett and William W. Porter Sunday attended a meeting of the Republican 2nd Congressional District organization in Auburn on Sunday. Barrett is chairman of the party's county central committee in Nevada county. Speakers included Mrs. Marjorie Benedict, national committee woman, and Claude Van Norman of Bishop candidate for congress.

Trucks Involved In Three Wrecks On Local Roads

Taxi Driver is Injured Near State Line In Collision

Three motor vehicle collisions, all of them involving heavy trucks, were reported by the California Highway Patrol for the weekend.

Joseph M. Houston of Reno was injured Sunday morning at 10:30 when the Yellow Cab he was driving was hit head-on by a truck driven by Lionel D. Spencer of San Francisco, who was cited by State Patrolman William Gautsche for being on the wrong side of the road.

Toyya Makala, also of San Francisco, was cited for parking on the highway and curve while installing chains.

Gautsche said Spencer attempted to pass Makala and ran into the taxi, the driver of which was taken to a Reno hospital by the Truckee Ambulance. The accident occurred one mile west of the Nevada state line.

Tanker Goes Over

Traffic over Highway 40 was held up for several hours Monday morning when a Western Highway Oil Company tanker and trailer, driven by Raymond C. Miller of Reno, overturned near the Flycatchers. Patrolman Roy Stallard cited the driver for driving without due caution and for not having his vehicle under control.

Miller told the officer his trailer skidded on the highway and he banked the truck. The trailer overturned on the highway, completely blocking the road. The driver was not injured.

Passes Plow

Lyle Hapending, Reno, attempted to pass a snow plow on Donner grade Sunday afternoon at 3 o'clock and ran head-on into a car driven by Paul A. Jones of Reno. No one was hurt. Hapending was driving a Wells Cargo truck and was coming down the grade.

Son Is Born For Francis Torri Family

Mr. and Mrs. Francis Torri became the parents of a son born at Reno on Wednesday, March 19. The lad weighed 7 pounds 5 ounces at birth and was given the names of Kenneth Joseph.

Hospital, Travel Talks Feature Rotary Meet

Kenneth Shreck, contractor on the new hospital, gave a talk on the problems which have been surmounted in building the structure, as guest speaker at the meeting of the Rotary Club Monday evening at Brown's Cafe. Other problems yet to be ironed out will have the support of the Rotary and Rex Reid and Claude Harrison were named on a committee to lend aid.

Charles Cross, who with Mrs. Cross, recently returned from a vacation trip to the Orient, gave a talk on his travels and Charles Osburn spoke on the atomic project materials produced on the Columbia River as early as 1942.

Martin A. Sturcke and Harry Lauritsen were inducted as new members. Guests included Bert Griffith of Auburn, Harold Stark and Tom Sheehan of Tahoe City, W. A. Chandler of Stockton, Len Beck of Lincoln and John Magnetti, George Bettencourt and Charles Heller of Truckee.

Carl Weeks Hospitalized With Virus Pneumonia

Carl Weeks of Auburn, a former Truckee resident, was hospitalized last week in Auburn with an attack of virus pneumonia.

His admittance to the hospital came a short time after Mrs. Weeks had been released, following treatment for influenza. The couple's daughter, Marcia, has been ill with flu too.

WYETHIA CLUB

The Wyethia Women's Club will hold their next meeting in the Tahoe-Truckee high school cafeteria at 8 p.m. on Friday, April 4.

New Hospital Is Staffed, Ready To Open April 1

Additional Help Will Be Employed Later At Hospital

Every detail has been completed, equipment installed, appointments in place, personnel employed and on Tuesday, April 1, the new Tahoe Forest Hospital, west of Truckee in Gateway Park will be ready for its first patient.

Charles R. Heller, president of the governing board, yesterday announced installation of humidifiers, an item which has long delayed the opening. With this feature completed, Heller said, nothing more apparently stands in the way of the opening.

Philip R. Shaw, the administrator and laboratory and x-ray technician, has most of the staff ready, although there will be additions during the next few days to give a complete service. Four nurses, all registered, who have been employed, are Miss Elsie A. Hamilton, Miss Phyllis E. Wilson, Mrs. Ella B. Thomson and Mrs. Gertrude I. Gibson.

Mrs. Phyllis A. Grow was named as nurses' aid, Mrs. Bernice Smith, cook, and Charles F. Vind and Mrs. R. S. Hoffman, office.

The opening of the hospital will culminate years of planning and hard work by a score of local citizens and will mark another long step in the progress of the community.

The official dedication of the hospital was held a month ago but because of building details, including the humidifiers, it was decided by the board to delay the opening. Now all federal and state requirements have been met and the plant has been officially approved.

Doctors who have visited the institution declare it one of the most modern and well equipped hospital in the northern part of the state.

KINGS BEACH MAN FILED FOR POST OF SUPERVISOR

AUBURN—Robert Hobbs of Kings Beach is the fifth candidate to file for supervisor of the fourth Placer County district.

Supervisor Frank Paoli is also opposed by Lynford Lardner, Reuben Robertson and John Merideth. The district extends from Applegate to the Nevada County line and also includes the northeastern side of Lake Tahoe.

The primary election will be held June 5.

Ernest Siri Takes Over P.M.T. Delivery Service

Ernest Siri, well known Truckee resident, has taken up his new duties as local driver for the Pacific Motor Transport, a subsidiary of the Southern Pacific Company. The work was formerly done by Earl B. Smith, who is now regularly employed in the S. P. freight house. Siri makes all local deliveries and pickups for the concern.

Mrs. Bergmans Is Honored at Dinner

Mrs. Emily Bergmans, in charge of the high school cafeteria, was a guest of honor at a dinner held at the home of Mr. and Mrs. Elwood Buehler Saturday, March 22, honoring her on her birthday.

Monday the students at the school presented her with a large birthday cake and sang "Happy Birthday" during the lunch period at the high school.

Local Man Will Visit in Europe

Jerry Zunino of Truckee and his grandson, Johnny Zunino of Elk Grove, expect to start on their journey to Italy on April 3, accompanied by a cousin of the former. The trio plan to visit relatives in Europe for several months before returning home.

Linda McEwen Feted At Birthday Party

Linda McEwen celebrated her birthday on March 15 with a party given by her parents, Mr. and Mrs. R. G. Elf. Those enjoying the party with her were Kathryn Barrett, Janice Eaton, Diana Kaspian, Lynn Bays, Carolyn Smisek, Joey Straub, Fosten Wilson Jr. and Marjorie King. Games were played after which the birthday cake and dessert were served.

YOUR Vote Can Change History; Be Sure You Qualify by April 10

by CLEM WHITAKER JR.

Urging an all-out voter registration drive, California competent, likeable Secretary of State Frank M. Jordan has issued a warning to every citizen that April 10 is the last day to register for the June 3 direct and presidential primary elections.

At the moment, Jordan indicates, however, that unless a vast number of Californians check their voting eligibility, fewer people will be qualified to vote at this year's crucial June elections than voted at the 1948 June Primary. Currently, Jordan reports, a total of 4,520,689 men and women are qualified to vote in California at the June 3 election. Four years ago, the registration was 4,925,369 at the Primary Election and 5,061,997 at the November, 1948, General Election.

Any Californian who questions the power of one vote could well ponder the true story of the miller of DeKalb County, Indiana, who one election day in 1844 thought he was too busy to vote. Friends, history tells us, persuaded him to go to the polls, busy or not. And the winning candidate—for whom the miller voted—won by one vote!

When the Indiana Legislature convened the DeKalb man cast the deciding vote that sent Edward Hannegan to the U. S. Senate (Legislatures elected Senators until 1912). In the U. S. Senate, the question of Texas' statehood came up for vote—and the result was a tie. Senator Hannegan, presiding as President pro tempore of the Senate, cast the deciding vote in favor of admitting Texas.

The story, and there are others, dramatically illustrates the power of one vote. The only votes which don't count in America are those which aren't cast. Only part-time citizens are too busy to register—only part-time citizens are too busy to vote. Every good American citizen should remember that one vote can help make history.

1951-52 WINTER DIES HARD BUT ON TIME, REPORTS SAY

TAHOE CITY—It was a rough winter but apparently an orderly one, with the latest snow storm ending on the last day of the season, March 20, and warm days, featuring rain or sunshine, the order of the season since.

The snow pack as of Monday morning was 138 inches but was sinking rapidly. The lake level was 6227.35 with all 17 gates still open. Art Frodenberg reports that the last four days of winter added 3.11 inches of precipitation, out of 46 inches of new snow.

Daily high and low temperatures recorded were March 17th: 38, 9; 18th: 28, 15; 19th: 25, 21; 20th: 24, -5; 21st: 28, 2; 22nd: 32, 18; 23rd: 40, 11; 24th: low 30.

CAVE ROCK SHRINE TO TAKE DECADE, COST ONE MILLION

RENO—The proposed sanctuary of Our Lady of Fatima at Cave Rock, Lake Tahoe, will be a 10 year, \$1,000,000 undertaking.

This was revealed by Bishop Thomas K. Gorman of the Catholic diocese of Reno, in announcing details of the plans.

The Cave Rock site, between Glenbrook and Zephyr Cove was donated by George Whittell. Plans call for a 70 foot cross, improvement of a 750 seat outdoor amphitheater on the west slope of the rock facing a stone grotto containing an altar and shrine, a 60 person capacity winter chapel connected with the rectory by a covered cloister, a headquarters building and souvenir shop and a two story 75 room combination retreat house and boys' camp, as well as a 750 car parking area.

Church authorities believe the sanctuary will attract visitors and donations to pay the cost eventually.

We are grateful to all who carried word of the postponement of the Donner Trail Memorial pre-race 50 cents party which we had advertised and put our committee on the backs for heading the ominous forecasts of more snow for the date of March 19 found we hill folks snowbound again. The idea

of the 50 cents party hasn't been given up, however, and all those who had planned to snowshoe up the mountain on the aforementioned date can take off their chains and drive leisurely up on April 16 for a real wing ding and buffet out of this world (technically, Donner Ski Ranch). The race date is set for Saturday, April 19, with drawings of numbers at Chantarella Lodge on the Friday evening before. Already we have recorded 30 entries with requests for applications coming in at a merry rate.

OUR MONEY and OUR RESPONSIBILITY

ONE OF THE THINGS OUR FOREFATHERS FOUGHT AGAINST
WAS TAXATION WITHOUT REPRESENTATION.

TO SAFEGUARD CONTROL OF THE PUBLIC PURSE STRINGS BY THE PEOPLE, THE FRAMERS OF THE CONSTITUTION GAVE POWER TO ORIGINATE APPROPRIATIONS AND REVENUE BILLS EXCLUSIVELY TO THE HOUSE OF REPRESENTATIVES. THIS ASSURED US A VOICE IN THE DECISIONS THAT AFFECT OUR POCKETBOOKS.

SO IF WE SHOUT FOR GOVERNMENT ECONOMY AND DENOUNCE EXTRAVAGANCE, BUT AT THE SAME TIME PRESS FOR FAVORS FOR OUR SPECIAL INTERESTS OR OUR COMMUNITIES, WE CANNOT ESCAPE RESPONSIBILITY FOR THE RESULT.

Junior I race will accommodate those between 14 and 17; Junior II, 11 to 13; Junior III, 8 to 10. Those under 18 years of age are permitted to run but three miles of the course, from the Summit to Soda Springs. The women's division this year will tackle but 11 miles of the course, that portion from Summit to Rainbow Tavern. From our own area we have entered Cinderella Field of Donner Summit Lodge, Elinor Anderson who ran the full 26 miles last year, Prudence Crosby and little Nancy Williamson (Junior division). Pretty Irma Nauss of Norden, whose happy face awaits customers at the Soda Springs Hotel Coffee Shop on weekends when she isn't attending Tahoe-Truckee high school, will wear the robe and carry the sceptre this year as queen of the shindig. Spiro's Sporting Goods store in San Francisco lends us their window for a display of trophies and pictures of former races. Day by day clippings come in from

all parts of the country announcing the great day of the DTMR. In the senior men's division from this area, Bob Mori, Don Smith, Jack Lambres, Ernie Nordstrom and Bob Chaplin wax their narrow boards for the event. Little Carl Nordstrom and Strohn Woodard, entered in Junior III, also traverse the wide flat spaces getting ready. There is no event in the area (the full 26 miles of it) that is awaited and worked for more avidly than the DTMR. The Weirick home at Soda Springs, rented by the William Mallory family, has been destroyed by fire. The fire occurred in late afternoon, which gave the Mallorys a few minutes to grab a few belongings and get out of the inferno. Huge snow banks between the house and neighboring buildings (Pratt's garage and the Buek place) prevented the fire from hopping to other roofs. Billy and Stanley Mallory, the two children

(8 and 10) made such a speedy exit that their shoes were left behind. Neighbors rallied to the rescue but there was nothing that could be done. The state highway Sno-go, which happened to be nearby, dug into the opposite snow bank and tried to smother the leaping, devouring flames with tons of thrown snow, but the fire had already reached its consuming strength. The irony of it all is that the Mallorys had chosen this area in which to live and rebuild their future after another fire, which cost them thousands of dollars in their past. They wish to sincerely thank and express unbounded gratitude to the neighbors who helped them in their distress.

Mr. and Mrs. D. A. Hansen, former owners of Rainbow Tavern, brought with them Bob and Mary Boggs (also former residents) and spent the weekend at Soda Springs Hotel. Now Lafayette residents, they had to return to the scene of their former home to "really see if the snow is as deep as reported."

We were delighted last weekend to see a group of girls taller than our lowly 5' 11". All well over six feet, these Follies-built beauties belong to the "Tip Toppers Club" and a requisite for the women is that they must be over six feet in stocking feet.

On this same Sunday afternoon, we congratulated the Lou Beyers on their 24th wedding anniversary, afternoon out. On this same Sunday we attended a party much later that was the most impromptu party we have ever seen rigged up. Seems Bud Horak of Donner Summit Lodge was to celebrate his birthday on Monday and Betty Horak let a little breeze around that "if everything went all right" she would entertain with a buffet party for Bud on Sunday late. The PT&T moved into DSL, 50 strong and Betty felt that the full hostelry would make it too confusing to have said buffet party. The natives, however, wouldn't take no for an

answer and descended on DSL full force to at least air their voices with a lusty "Happy Birthday to You." Not to be stymied, Betty popped a birthday cake in the oven at 11 p.m., whipped up a potato salad and all the fixings, and Bud's birthday buffet was a thing of reality which hit at the witching hour—his actual birthday.

Gloria Parrott, she of the new baby nicknamed "Snowflake" (her rightful tag is really Patti) re-

turned to the valley with her two babies this week. Gloria found that a 30 foot embankment of snow to climb, to enter into a home that looks like an igloo, was too much for a recent mother with two babies. So Gloria sojourns below, awaiting the spring thaw.

Our latest storm brought about the collapse of the M. C. Kalip home on the Kings Beach golf course. The Kalips are wintering at Piedmont and had gotten someone to shovel the place but too late.

The loss was considerable.

Friends of Vincent Kientz are glad to have him back home and recovering satisfactorily from injuries received in that tragic accident involving the Kientzes near Bishop as they were returning from the east. Mr. and Mrs. Tom Sutton took Dr. Jose Nessim to Bishop in their station wagon to bring Vince and his nurse, Audrey Welch, home last weekend. Welch, home last weekend. Welch,

Think of the important part electricity plays in your everyday life. Imagine your home without modern-day electric appliances. Life would be much harder and mighty unpleasant wouldn't it.

Nothing adds to convenience like electricity. Yet it's the most economical item on your budget.

Leonard (Bud) Whaley, our local telephone repair man took a week off to visit with his people and to rest up a bit in Sacramento. Word was received at the Kings Beach office last Monday that his stepfather, George Weidell, had passed away suddenly. Funeral services were held Wednesday in the capital city.

Harvey Martin is in Washoe hospital at Reno suffering from a back injury received while working at Yerington, Nev. He family is at present living in Fernley. Your friends here wish you a speedy recovery, Harvey.

Mrs. Johnny Rayburn is much improved following her attack of virus pneumonia.

Little Virginia Baker has been a victim of virus pneumonia recently and is confined to her, as yet unable to attend school.

H. E. McClosky, part owner of Ta-Neva-Ho, was up around the first of this week, sight-measuring the snow depths around the place with an eye towards possibilities of opening at the usual time.

Private Bob Mercer pleased his mother, Mrs. Frank Mercer, with the report that he has successfully passed his paratrooper test and will be home soon for a short visit before being sent out.

Word has been received of the death of Ben Hershey, owner of the Tahoe Vista Ice Co. There are no details available except that Hershey was in Central America at the time. His partner, L. R. Keebaugh, who has been at the lake all winter taking care of the place left immediately for Hershey's home in Pomona.

Mr. and Mrs. Bob Davis, owners of the Pine Cone in Kings Beach, have returned to get their place in readiness for summer operation.

North Tahoe Women's Club held its regular meeting Thursday evening at Kings Beach school.

The Tom Suttons are in Sacramento on a buying trip, preparatory to opening their Buckhorn.

Johnny Rayburn is attending a trap shoot at Visalia.

A collision which occurred in Kings Beach Monday involving the Joby Lewis automobile and a pick up belonging to Billy Powell resulted in two badly damaged vehicles but no personal injuries were reported.

Andy Sorensen seems to know exactly when to go out over the Summit to get snowed away from the lake. His latest experience during last week's storm, kept him away for nine days during which he attended to some business and enjoyed a nice visit with his son, Ray, who is in school at Sacramento.

SWANEE'S Tahoe Letter

Tahoe City, March 24
Dear Tahoeites:

In spite of all the snow at Tahoe, spring arrived on the 21st, according to the calendar, and in some strange way the storm stopped and for the first time in days the sun shone brightly. Sunday several Tahoe ladies, including Mrs. Anne Martin of Tahoe City, sighted robins in the trees, and while one robin doesn't make a spring, it surely lends encouragement to an otherwise dismal atmosphere. The Bert Watsons, just before the last heavy storm, found in a sunny spot near their house, daffodils that had sprouted some three inches high

and were about to try to bloom, but they have long since disappeared.

Have a nice letter from Mrs. Alfred Herman of Hollywood, who, with her husband, summers at their family home in Pineland. Mrs. H. took time out to write and tell me how much they enjoy and appreciate the news in the weekly letter in the Sierra Sun. They are among our summer residents who love Tahoe and who enjoy every minute spent here. Their neighbors, the Bert Andersons and Alma Sexton, have written telling them of the severe winter conditions, enclosing pictures, which seems almost unbelievable. Mrs. Ruth Droste, another Tahoeite, has called them on the phone and will be in Pasadena for about a month. Herman is an art director for RKO pictures and with his wife enjoys every bit of

news of Pineland and Tahoe in general.

Came a card from the C. O. Valentines, who were making another motor jaunt to interesting southern California spots, their latest visit being to the Mission at Capistrano, where they witnessed the annual arrival of the swallows, who were on time as usual.

Members of the Lake Tahoe Ski Club who brought home honors for the local club over the weekend were Dick Carnell, who took first place in the DHO giant slalom in Class B at Sugar Bowl Sunday and Jim Baker who placed 2nd in Class A in the same event. A large crowd was on hand to witness the events. There were 66 entrants.

Being welcomed back home following an absence of two months are Mr. and Mrs. Charles Cross of Fairway Drive. The Crosses returned from their tour of the Orient on March 9, landing in San Francisco. They were in Tahoe City the next day. Their itinerary took them from San Francisco to the Hawaiian Islands, then to Yokohama, Japan; then to Manila, to Hongkong and Kobe, thence to an overland tour of the Japanese Empire. They boarded their ship for the return trip home at Yokohama, travelled back via Hawaii to San Francisco. Both are greatly rested and their health improved and they are again ready to plunge into the activity of operating the Truckee-Tahoe Lumber Company business with renewed energy and their many friends and neighbors welcome them back home.

Mrs. Laurence Raymond of Montague, Mass., who is a sister in law of Mrs. Pat Griswold, daughter of the A. M. Henrys of Tahoe City, was a guest of the Henrys until Sunday last when they motored her over to Reno to take a plane for Mt. Shasta where she will visit relatives. She was snowbound at the Henry home for five days and never saw so much snow in her life at one time. Back home they have some two feet, seldom more, so the drifts were a novelty to the visitor. On Thursday night last, Mrs. Henry had an impromptu party honoring her visitor. An evening of cards and refreshments

were enjoyed by Mr. and Mrs. A. M. Anderson, Mr. and Mrs. Si Ward guests of the Andersons from Montana; Mr. and Mrs. Floyd Carnell Mr. and Mrs. James Martin.

Mrs. Blanche Donaldson of Pineland will entertain members of the Women's Club of Tahoe on Thursday, March 27, at 1 p.m. Dessert and an afternoon of cards will be the order of the day.

At the meeting of the Lake Tahoe Ski Club last Friday night, Mrs. Al Sanford brought along records for square dancing and young and old enjoyed a round of dancing. This followed a short business meeting, presided over by President Bill Becholdt. A nominating committee, including Jack Starratt, Max Porter and Bill Jenkinson, was appointed to seek officers for the coming year. Officers will be nominated at the next meeting on Friday night, March 28, and nominations may be made from the floor. Election will be held April 18 but new officers will not take over until May 2. Plans were made for the annual FWSA convention to be held at Squaw Valley, sponsored by the Tahoe club, on March 26 and 27, at which election of officers for that body will be held. Plans were also completed for the annual junior four-way meet and novice jumping event to be held here on April 5 and 6, and for the FWSA A and B and Junior 1, 2, 3 and 4 class jumping event. The Bake award will be given the Lake Tahoe youngster jumping farthest in the novice event. A banquet will be held at Tahoe Inn on Sunday night, April 6, and presentation of awards will be made at that time.

Mrs. Anne Martin was tendered a surprise birthday party at the I. D. Mitchell home in Sunnyside last Saturday night. An evening of cards and refreshments was enjoyed by the guests. Those attending included Mr. and Mrs. Jimmie Martin, Mr. and Mrs. Bert Anderson, Denis Sach and the Howard Guths.

A crew of men last week shovelled the Sunnyside boat house which had begun to twist out of shape due to the heavy snow and ice. On March 24 another crew shovelled buildings at Sturgis Ta-

hoe Park store which were showing the weakening results of too much snow.

Cards and refreshments will be enjoyed by those attending the PTA social evening on Thursday, March 27, at 8 p.m. at the Tahoe Lake School auditorium. The public is invited.

Close with a cheery adios to one and all, as ever, Swanee.

The first record of an earthquake in the San Francisco Bay region was 1808.

Bill has everything —looks, integrity, the old fight, and occasionally money, which he carries around in cash. All of it. This is neither safe, practical, nor conducive to thrift.

Bill: It might be smart to open a Tenplan checking account! Deposit any amount you wish and write checks instead. No minimum balance. Costs just 10¢ a check!

Moral: What would a pickpocket do with a Tenplan checkbook?

Visit in Oroville—

Mr. and Mrs. Phil Geier of Tahoe Park enjoyed a recent weekend at Oroville where they were houseguests of old friends, Mr. and Mrs. Edward Lloyd.

In San Francisco—

Mr. and Mrs. Jack Smith, owners of Tahoe Cedars Lodge near Tahoe, were in San Francisco last week. Their son stayed with the I. D. Mitchells at Sunnyside.

Mama!

When you're traveling with children, you can't beat the convenience of modern streamliners. Washroom facilities are as handy as they are at home. Fine food is always available. (We're glad to heat a bottle for you, too.) And there are no finer streamliners than the Southern Pacific "name" trains listed below.

Chair Cars on Southern Pacific's modern streamliners have been built with your comfort the first consideration. Dust-free, draft-free air-conditioning. No-glare fluorescent lighting. Soft-as-a-cloud foam-rubber seats. Lots of leg room and move-around room. Extra large windows. Feather-touch doors. Spacious washrooms. That's why Chair Cars on S.P. streamliners are the most luxurious form of all low-cost transportation.

TAHOE LAKE SCHOOL NOTES

The entire school enjoyed a conservation assembly last week, led by Game Warden Tom Borneman and Paul Griffith. Borneman showed two films, one on beavers and one about pheasants. Griffith showed slides of state parks.

The 4th, 5th and 6th grades had made posters for Conservation Week and the two which were voted best were displayed at the assembly. One of these featured a

quail, drawn by Mary Ann Stark and Sharon Bechdolt. The other was a forest picture done by Kristine Soltan and Sharon Gilman.

These classes also voted to have the following students remain in office for the rest of the year:

Sharon Gilman, president; Richard Griffith, vice president; Kristine Soltan, secretary; Sharon Bechdolt, treasurer; Billy Connors, sergeant at arms.

Miss Geraldine Bean, kindergarten and first grade teacher, is having much trouble with a bruised knee. Mrs. Jack Dunn of Tahoe City

has been teaching in her place. Harvey Proctor, the county snow plow man, has been doing an excellent job of plowing out the Tahoe Lake School yard.

Coming Home—

Mrs. Garing McGee is expected home this week from San Francisco where she underwent medical treatment.

In City—

Mr. and Mrs. Charles Cozzi went to San Francisco last weekend, where the latter is remaining for a rest, following a recent illness.

Visit in Nevada—

Mrs. Fosten Wilson and son, Fosten, were weekend guests of her brother in law and sister, Mr. and Mrs. C. L. Swett, at Winnemucca.

Honor Mrs. Langille—

Mrs. R. N. Little yesterday was hostess at a bridge party honoring Mrs. Harold Langille, recently returned from a Mexican vacation.

FOREST SERVICE WILL PLANT TREES ON BURNED AREAS

The annual spring meeting of rangers, fire control assistants and staff officers was held at Tahoe National Forest headquarters near Nevada City, according to Guerdon Ellis, forest supervisor. During the meeting, plans were made for the entire year's work which will involve the recruitment and placing of men and equipment to:

Plant 15,000 pine trees in two burned over areas with the Truckee area;

Protect 1,280,000 acres of forest lands (both public and private) from fire danger;

Mark, sell and supervise the removal of an anticipated record cut of 70 million board feet of timber;

Provide for the grazing of 5000 head of cattle and 30,000 head of sheep on the mountain ranges, determining the season for use area

by area;

Maintain 800 miles of forest road and 800 miles of forest trails; Care for 45,000 visits by campers and picnickers at 85 improved public campgrounds;

Provide for an influx of 20,000 hunters on opening day of the hunting season without damage to the forest;

Prune and thin 3,000 acres of young stands of trees to provide for better quality timber in the future;

Control the blister rust disease

on 3,000 acres of sugar pine timber stands;

Attack and destroy two concentrations of pine beetles in second growth stands;

Chemical treatment of 80 acres of mountain meadow in the Sierra Nevada area, in accordance with the latest research information.

During the height of the season, work programs will require the services of approximately 250 men, including 75 year around employees now on the forest rolls, Ellis explained.

ROAD PROBLEMS ARE FACED BY COUNTY BOARD

NEVADA CITY—Are the people of Nevada County demanding too much from their supervisors in the way of roads?

The question was raised and discussed at the special meeting of the board of supervisors last week. It becomes all the more pertinent at this time because some of the funds that the county could get from the state on a grant or matching basis up to now will not be available in future years.

Depend on C-B Funds

It appears the county will become more and more dependent on the state gas tax apportionment (Collier-Burns Act) for its county-wide roads' funds and this has been found not sufficient. The supervisors could supplement this by special road taxes but have been reluctant to do so.

Special road taxes can be levied by supervisorial districts only and the funds raised by them may be used only in the districts that voted them. Special road taxes are limited to 40 cents per \$100 of assessed secured real property.

Stoll Chides Public

District Attorney Vernon Stoll, in discussing the situation with the supervisors, said it was clear that the road districts were overspending the money available to them this fiscal year. The public was at least partly to blame, he thought.

"People are so used to expecting something from the government these days that everybody living at the end of a cow trail wants a road built to his door," Stoll said.

The district attorney said that supervisors, in trying to stretch the road dollars available to meet everybody's demands, were really wasting taxpayers' money. They were building roads that wouldn't stand up, he opined, adding that "you can't do a job with \$20 that takes \$40—you end up by losing the \$20."

Stoll urged the supervisors to give consideration to special road taxes in their districts.

Local Bridge Vital

Supervisor Frank J. Rowe of Grass Valley asked Supervisor H. G. Loehr of Truckee if it would not be possible to defer completion of the approaches to the new Truckee River bridge at Truckee in order to have more money for road work in the whole county between now and the end of the fiscal year on June 30.

He did not push the matter, however, because Loehr said:

"We are spending county money now maintaining the temporary county road to the Crandall Brothers' wooden bridge, which is being used until the new bridge is ready. Water in the river is almost lapping the wooden bridge. If we had just one day of rain the river would rise so that the bridge would go out. There is nothing we can do about it; the gates from Lake Tahoe are kept open into the river to prevent a sudden piling up of floods in the lake."

Tarzan

by EDGAR RICE BURROUGHS

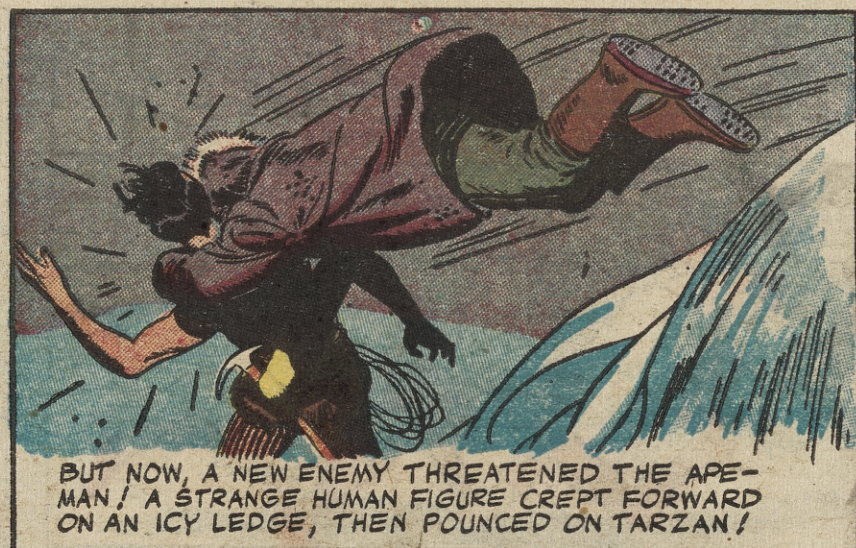

WHILE EXPLORING THE SNOWY EXPANSSES OF MT. LUNYA, TARZAN CAME ACROSS THE TRAIL OF THE MONSTER. SPELLBOUND, HE WATCHED THE THING TAKE SHAPE AHEAD OF HIM!

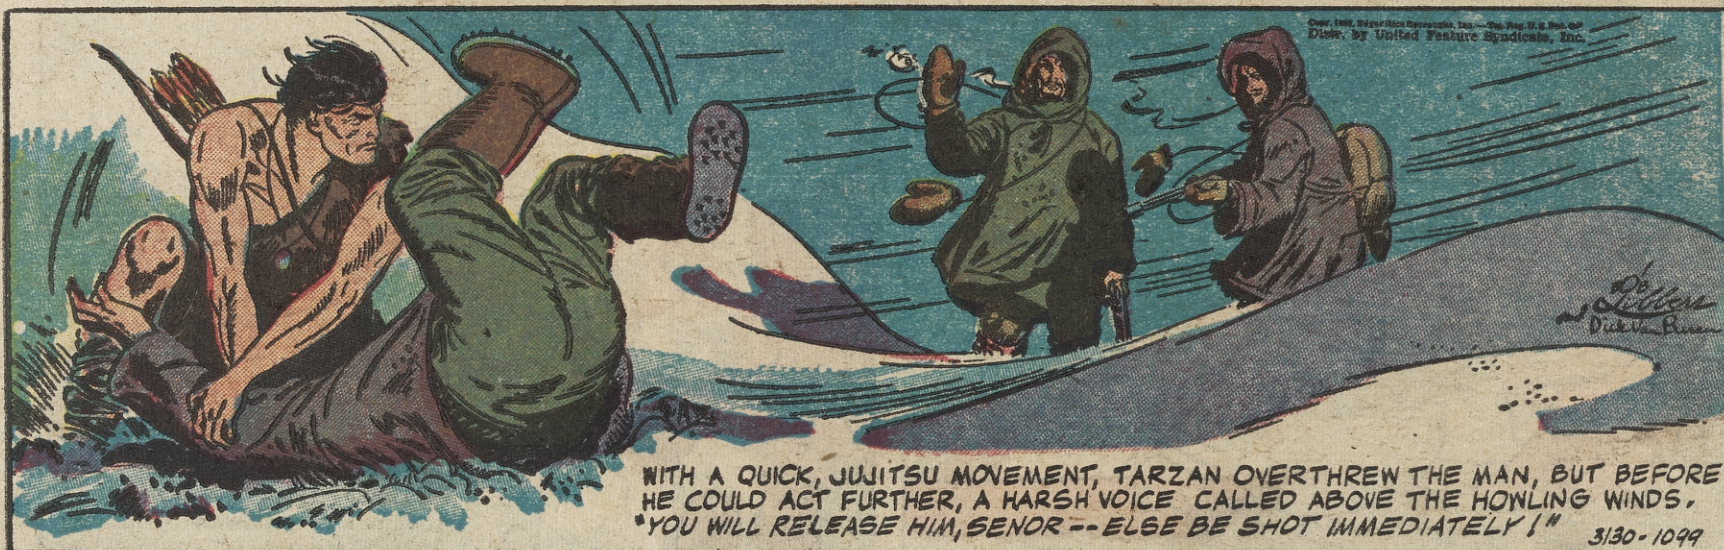

TARZAN WAS ANESTRUCK AS THE THING THUNDERED CLOSER-- IT RESEMBLED AN ELEPHANT, BUT WAS MORE LIKE SOME PREHISTORIC APPARITION, REVIVED FROM THE DIM DAWN OF CIVILIZATION!

UNINTERESTED IN THE PUNY MAN-THING, THE CREATURE UTTERED A PIERCING SHRIEK, TURNED AND LOPED AWAY, ENVELOPED BY WIND-BLOWN SNOWS--

BUT NOW, A NEW ENEMY THREATENED THE APE-MAN! A STRANGE HUMAN FIGURE CROPT FORWARD ON AN ICY LEDGE, THEN POUNCED ON TARZAN!

WITH A QUICK, JUJITSU MOVEMENT, TARZAN OVERTHREW THE MAN, BUT BEFORE HE COULD ACT FURTHER, A HARSH VOICE CALLED ABOVE THE HOWLING WINDS. "YOU WILL RELEASE HIM, SENOR-- ELSE BE SHOT IMMEDIATELY!"
